ASPA WELCOMES NEW PARTNER!!

ASPA Provider Members are offered an evaluation of a new revenue program that you can provide right in your office!

All ASPA Providers Are Confronting 3 Critical Issues:

- **Reduced Reimbursement** of Professional Services from all Payers
- **Patient Traffic** is lighter due to the economy and market competition
- **Practice Operating Costs** continue to increase

What's the solution?....It is critical to discover new revenue opportunities with your existing patients!

Consider a DME (Durable Medical Equipment) Profit Center for your practice.

- **Profits of \$6,000+ per month ...with as few as 15 patients**
- **Patient Convenience & Satisfaction** with 1-stop medical shopping
- **Improved clinical outcomes** from maximized compliance and effective rehabilitation support

Your Practice can develop a new revenue stream from your existing patient base by providing braces & pain management solutions right from your own office! Everything from basic to custom devices... from all manufacturers. Fully compliant with federal and payer regulations. Low entry hurdles. Immediately cash-flow positive. Complete receivables analytics. Includes Staff training and continuing support.

For more information about this program, complete the information below and return Fax to ASPA at 602-265-3289.
