ASPA Partner Update -

Hello Phoenix is currently offering **server storage** for your EMR Server or any mission critical server. Our world class data center is located in Scottsdale AZ. The benefits of storing your server at a world class data center:

- **Peace of Mind**
 - No more worries about power outages, internet outages, theft or downtime
- **Climate Controlled Environment**
 - Improve server performance and longevity
 - Dust Free Environment to reduce hardware failures
- **Redundant Power**
 - Guaranteed uptime
 - Eliminate Hardware and Software corruption due to power failure
- **Secured Environment**
 - All servers are stored in 24/7 gated; guarded facility that only can be accessed through successful rental scan.
- **Redundant Internet Connection**
 - Guaranteed uptime so you never have to experience an outage due to lost internet connection

Protect your investment and gain peace of mind for the low ASPA price of **\$199 per month!** ASPA members get free installation and level 1 technical support. To learn more about how you can protect your server investment, please complete :

Fax to ASPA at 602-265-3289.
